## 1. CUSTOM VIDEOS PRICES AND RULES

### General prices

We can record for you a custom video with almost every content you wish. The base price for the custom video is always **\$60**. However, there are a few factors, which change the base price:

- **+\$30** – if the video cannot be used later by us because it depicts content that is not allowed on the most common porn websites. For example, it shows sleeping, unconscious people, rape, or any other kind of non-consent sex.
- **+\$10** - if you wish one of us to cum in the video
- **+\$20** – if you wish both of us to cum in the video
- **+\$60** – if the video contains anal sex – we record anal videos very rarely, and every such recording needs much more preparation
- when we need to travel somewhere, to buy some toys, clothes or other things that we do not have, we require you to cover their price – it always has to be discussed earlier.

*Due to our previous experience, we do not buy accessories without getting payment first.*

### Video length

The standard length of the video is between 10 and 15 minutes unless agreed otherwise. Videos longer than 15 minutes are subjected to an additional **\$10**, and videos longer than 25 minutes are subjected to an additional **\$20**.

### Important notice and exceptions

Please notice that we do not accept requests to record videos containing the following scenes and options:

- pissing and scat
- rimming
- zoophilia
- underage models
- hardcore BDSM causing injuries, cuts, etc (spanking and whipping is fine but with no blood)

In the case of anal videos, Alex is always bottom and Ethan is always top. In the case of other videos (BDSM, feet fetish), we are ready to adjust to your expectations.

Although we sometimes record videos with other models, it is almost impossible to invite them to your custom video, as most of them were one-time models.

### Example prices:

- spanking or footjob video, no cum - \$60
- spanking or footjob video, with cum - \$70
- video with anal sex and two cumshots - \$140
- footjob video with an unconscious model and one cumshot - \$100
- anal video with an unconscious model and one cumshot - \$160

### Delivery time

We record most of the videos within 4 working days and upload them on DropBox.com. You can download the video on your computer or mobile phone. Some videos require a little more time, but you will be informed about this while placing an order.

### Technical info

All our videos are recorded in FullHD resolution (1920x1080), 50 or 59,94 fps, and are rendered with H.264/H.265 codec. The final file extension is MP4. To keep the video quality high, 12 minutes long video size is about 1 GB. However, on your demand, we can convert it into the lower resolution or set the lower bitrate with no additional charge.

For a special wish, we can record a 4K video, free of charge, but this requires much more storing space.

## **2. USED UNDERWEAR, SOCKS, AND SHOES SALE**

### Underwear and socks sale

We sell used, worn underwear, such as socks and boxer briefs:

- \$40 for a pair of boxer briefs or a pair of socks
- \$65 for one of the followings set
  - two pairs of boxer briefs
  - two pairs of socks
  - one pair of boxer briefs and one pair of socks
- \$100 for two sets of boxer briefs and socks

Shipping by the national post office is included in the price.

### Additional information

While placing your order, you need to define your preferences. Please write us whether you wish only dirty stuff, smelly or both. Any other information about your preferences would also be highly appreciated.

Usually, it takes 4-7 days to make everything smelly and dirty, but there are exceptions. For example, during wintertime we do not sweat as much as in summertime, and the process may take longer. Also, it is harder to make the stuff smelly than just dirty.

### Worn shoes sale:

We also sell worn shoes. However, in the case of shoes, each order has to be agreed on separately. Generally, the price may vary from \$60 to \$200, depending on the shoes and delivery method. Please keep in mind that box containing shoes is much bigger and heavier than an envelope with socks or boxer briefs, and because of that, it costs a few times more. The shipping cost is included in the price range.

### Delivery time

Delivery time to Europe, Russia, Cyprus, and Israel declared by the national post office is 3 working days. To North and South America, Australia, Asia, and the rest of the world delivery time is 7 working days.

To sum up, the total time from making a payment to receiving the package is between 7 and 14 working days. We send all items from Poland.

### Delivery method

Both small items and shoes are sent by Polish Post Office and then delivered by the local post office in the country of destination. For example, in the USA your order is handled by USPS and in the UK by Royal Mail.

For more demanding customers we offer express delivery by a courier. Depending on the content, the additional cost is between \$30 and \$70.

Every box and letter is registered and trackable
